12420 Parklawn Drive, Room 1-23
Rockville, Maryland 20857

To whom it may concern:

Please make a speedy decision to ban forced molting. It is so cruel to the birds. And for those who eat meat — it increases the spread of Salmonella Enteritidis infections. Have you seen someone ill with this? It's awful. I urge you to grant the petition to stop forced molting — filed under DOCKET # 98P-0203/CP.

Thank you for your attention. I'm writing to you because I think if we really think about this forced molting it will be repellent.
